For firms or institutions that have interest in the field of geospatial and remote sensing, and wish to contribute to activities undertaken by IGRSM, we welcome you to join us as Corporate Members.

**2021 Annual General Meeting (AGM) of IGRSM**

The 2021 AGM of IGRSM was held online on 31 March 2021. A total of 82 IGRSM members attended the meeting, which was chaired by Prof. Gs. Dr. Abdul Rashid Mohamed Shariff, President of IGRSM. We would like to thank to all members who attended the meeting. We look forward to meeting all our members at next year's 2022 AGM.

### IGRSM Courtesy Visit 2021/1

IGRSM organised an online visit to the Department of Environment (DOE) on 18 March 2021 discuss on current developments in DOE pertaining to geospatial. The discussion was chaired by the YBr. Puan Norlin bt Jaafar, Director General of DOE, while IGRSM was represented by the President, Head of the Industry Relations Sub-Committee and a few committee members. IGRSM is looking forward to assisting DOE in improving and enhancing its capacity in geospatial related technologies and activities, especially capacity building, training and services.

### IGRSM Courtesy Visit 2021/2

IGRSM organised an online courtesy visit to the Marine Department Malaysia (*Jabatan Laut Malaysia*, JLM) on 3 June 2021, and had a fruitful discussion on the way forward and future directions of JLM's operations related to geospatial and remote sensing technologies. The discussion was chaired by YBhg. Dato' Hazman Hussein, Deputy Director General (Planning) of JLM. We would like to record our sincere gratitude to JLM for accepting our visit and for the support. We look forward to having more collaborative efforts in the future.

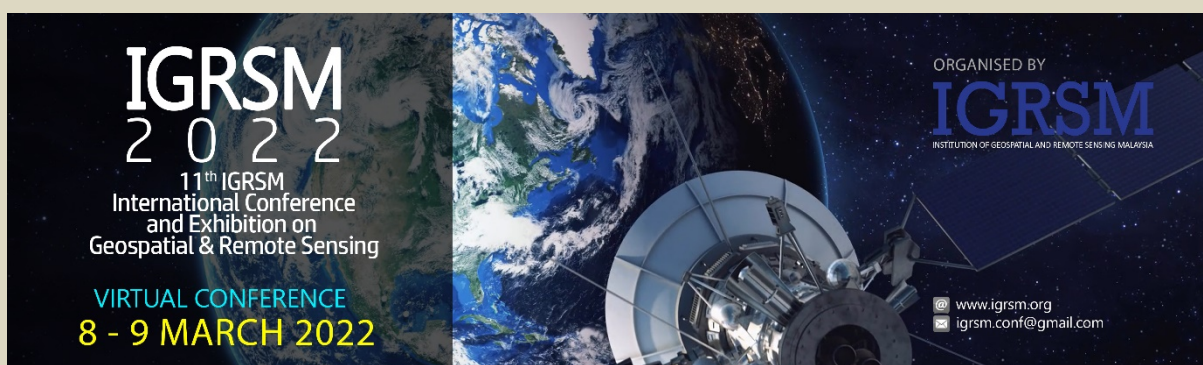

## 11<sup>th</sup> IGRSM International Conference and Exhibition on Geospatial & Remote Sensing (IGRSM 2022)

IGRSM 2022 will be held online on 8-9 March 2022. The virtual conference, with the theme *Geospatial Science and Technology in Rebuilding a Pandemic Hit Society*, is aimed at disseminating knowledge and sharing expertise and experiences in geospatial sciences in all aspects of applications. It also aims to build linkages between local and international professionals in this field with industries.

The organising committee of the conference especially requests for high quality submissions in areas related to geospatial science and technology. All accepted papers will be published in IOP Conference Series: Earth and Environmental Science with high visibility and indexed in, among others, ISI Web of Science (Conference Proceedings Citation Index), Scopus and EI Compendex.

Acceptance for oral / poster presentations in the conference will be based on abstract acceptance. However, only full papers that have been accepted by the reviewers will be published in the conference proceedings.

Further details on the conference are available at <http://www.igrsm.org/igrsm2022>
